### **Beloved Disciple**

The life and ministry of John

Through Beth's personal study of this extraordinary biblical figure, she conveys that John had the God-given gift of seeing a larger picture, and that his love relationship with Christ profoundly influenced everything he did and wrote. As John was uniquely chosen to be the one who received the Revelation of Jesus Christ, Christ still desires to reveal himself to His disciples today.

In *Beloved Disciple*, women will get to know the one the New Testament calls the beloved disciple; they will explore the depths of John's relationship with Jesus Christ, viewing their own relationship with Christ as unique from all others; they will see themselves as modern "beloved disciples"; and they will discover how to allow God to establish a love relationship with Christ as the motivation for all they seek and do. This in-depth interactive study, recorded in Greece and Turkey, will help participants develop eyes to see and ears to hear what Christ desires to reveal to each one of His children.

*Second, Beth shows women how to prepare for attacks by the enemy. Finally, there is hope for those who have been snared by seduction, and this study points the way back to God through authentic restoration. Readers will learn how they can better assist others who need to find forgiveness and restoration.*
